The implementation was written so as to conform with Netscape SSL.

This library is free for commercial and non-commercial use as long as the following conditions are adhered to. The following conditions apply to all code found in this distribution, be it the RC4, RSA, IDEA, MD5 or other code, just as the SSL code. The SSL documentation included with this distribution is covered by the same copyright terms except that the holder is Tim Hudson ([tbh@cryptsoft.com](mailto:tbh@cryptsoft.com)).

Copyright remains Eric Young, and as such any Copyright notices in the code are not to be removed. If this package is used in a product, Eric Young should be given attribution as the author of the parts of the library used. This can be done in many ways, including putting the name of the author in the README file, or in the documentation provided with the package.  
Redistribution and use in source and binary forms, with or without modification, are permitted provided that the following conditions are met:

1. Redistribution of source code must reproduce the above copyright notice, this list of conditions and the following disclaimer.
  2. Redistribution in binary form must reproduce the above copyright notice, this list of conditions and the following disclaimer in the documentation and/or other materials provided with the distribution.
  3. All advertising materials mentioning features or use of this software must display the following acknowledgement: "This product includes cryptographic software written by Eric Young ([eyar@cryptsoft.com](mailto:eyar@cryptsoft.com)). This word 'cryptographic' can be left out of the routines from the library being used if not cryptographic related.-)
  4. If you include any Windows specific code (or a derivative thereof) from the apps directory (application code) you must include an acknowledgment: "This product includes software written by Tim Hudson ([tbh@cryptsoft.com](mailto:tbh@cryptsoft.com))."
